**To Whom It May Concern:**

It is with full confidence that I recommend Scot Heather to anyone wishing to hire him to do renovations or construction work. Scott took my concept of how I wanted to create extra living and storage space in my basement, recommended some practical changes and proceeded to provide me with a detailed bill of materials and estimates of time and cost which, other than changes I made along the way, were remarkably accurate.

Scott worked diligently, and steadily to complete the project and took the time to clean up the work area before leaving each day. His work was first class and professional. His attention to detail was refreshing and his ideas and suggestions were very helpful.

My wife and I are very pleased with the results and look forward to enjoying the extra space for years to come. We both would recommend Scott to anyone.

Sincerely
